

Year 11 ESL

Investigation Interview and Presentation

Task:

- Develop a theory about Australian culture based on the “You know you’re from Adelaide if...” sheet.
- Test your theory by interviewing at least two Australians. You should ask them to explain at least three points from the sheet. In particular, you should ask them:
 - Is the statement true?
 - Is it funny?
 - Why? (Or why might somebody find it funny?)
- Design at least five follow-up questions which help test your theory. These must be submitted as part of the assignment.
- Present the results of your research to the class using PPT slides. Your presentation must include:
 - Your theory and how you came up with it
 - Your questions and why you chose them
 - The results of your investigation (was your theory true?)
 - Evidence (from the interviews) to support your claim
 - A brief reflection on the experience of interviewing and how successful you think your research was.
- The class will ask at least three questions about your presentation which you will answer.

Presentation

PPT presentation (6 mins) and written reflection including your questions (150 words)

Due

Wednesday week 7

Year 11 ESL 2015

Investigation Report

Research a topic related to your interviews (about Adelaide culture), using resources such as reference books and the Internet. The written report must

- Clearly state your hypotheses or research question
- Outline your research methodology (what you did)
- Summarise the results of your research

You must submit:

- Notes from at least two secondary sources (eg websites, books)
- A report with appropriate sub-headings for each section

Written report (500 words)

Due

Wednesday week 7
